APFRTV 2026

Asia-Pacific Forum on RNA Therapeutics and Vaccines

Organized by:

 One Health India Organization (OHIO)

 SAU SOUTH ASIAN UNIVERSITY

 SAARC

Theme:

"Advancing RNA Science from Bench to Population Impact"

Event on: **24 - 25 - 26 September 2026**

Venue: South Asian University, New Delhi

 **Innovate**
in RNA Science

 **Translate**
Research to Therapies

 **Collaborate**
Across Asia-Pacific and Beyond

 **Impact**
Populations Globally

Uniting Science. Enabling Solutions. Improving Lives.

APFRTV 2026 Speakers

Dr. Sudhanshu Vrat
Professor, Regional Centre for Biotechnology
Haryana

Prof. (Dr.) Sunit Kumar Singh
Director, Dr. B. R. ACBR
University of Delhi, New Delhi

Dr. Priyank Shukla
Sr. Lecturer in Stratified Medicine
Ulster University, UK

Dr. Amit Awasthi
Senior Professor, THSTI
Haryana

Dr. Ankur Mutreja
Director, Communications & Strategy PATH
South Asia

Dr. Arun Kumar
CEPI
OSLO, Norway

Dr. Madhu Khanna
Professor, Dept. of Microbiology (Virology)
VP Chest Institute, University of Delhi

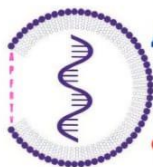

Dr. Bhupendra Kumar Verma
Add. Prof., Dept. of Biotechnology
All India Institute of Medical Sciences, New Delhi

Prof. & Head Vivekanandan Perumal
Kusuma School of Biological Sciences
IIT, New Delhi

Welcome to APFRTV 2026

APFRTV 2026 is a multidisciplinary scientific forum bringing together researchers, clinicians, industry leaders, innovators, and policymakers from across the Asia-Pacific region. The conference focuses on advancing RNA vaccines and RNA therapeutics, while also embracing a broader landscape of next-generation vaccines, biologics, and translational health innovations.

The forum aims to bridge the gap between discovery and real-world application by fostering collaboration, knowledge exchange, and strategic partnerships. With a strong emphasis on the One Health approach, APFRTV 2026 will explore integrated solutions that address human, animal, and environmental health challenges.

Objectives

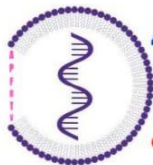

- **Showcase advancements in RNA vaccines and RNA therapeutics**
- **Promote interdisciplinary collaboration across sectors**
- **Explore complementary vaccine platforms and emerging technologies**
- **Address translational pathways from bench to bedside**
- **Strengthen regional and global partnerships**

Highlights

- **Plenary lectures by global experts**
- **Interactive scientific sessions & panel discussions**
- **Startup Innovation Showcase & Pitch Session**
- **Industry exhibitions and networking opportunities**
- **Pre-conference hands-on workshops**
- **Cancer Awareness Marathon (26th September 2026)**

Asia-Pacific Forum on RNA Therapeutics and Vaccines

Date: 24-26 September, 2026 **Venue:** South Asian University, New Delhi

Email: apfrtvconference@gmail.com

Visit: www.onehealth-in.org/apfrtv-conference-2

ORGANIZED BY: ONE HEALTH INDIA ORGANIZATION (OHIO) & SOUTH ASIAN UNIVERSITY, NEW DELHI

Who Should Attend

- **Researchers & Scientists**
- **Clinicians & Healthcare Professionals**
- **Biotech & Pharma Industry**
- **Startups & Innovators**
- **Public Health Experts**
- **Policymakers & Regulators**
- **Students & Early-career professionals**

Why Attend

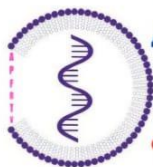

- **Stay updated with the latest advances in RNA science and vaccines**
- **Connect with leading experts and organizations**
- **Explore collaboration, funding, and partnership opportunities**
- **Showcase your research, innovations, and technologies**
- **Contribute to advancing translational science and public health**

Conference Focus

RNA vaccines and RNA therapeutics at the core, complemented by diverse vaccine platforms and emerging technologies to enhance translational impact and global health outcomes.

AGENDA

Program Overview

Day 0 – Pre-Conference Workshops (24th September)

Theme: Capacity Building & Prevention

Workshop 1: From Sample to Signal: RNA to Real-Time Detection & CRISPR Design”

Workshop 2: Breast Cancer Screening & Awareness Workshop

Day 1 – Scientific Sessions (25th September)

Theme: RNA Science & Therapeutics

- RNA Vaccine Platforms
- RNA Therapeutics (Oncology, Infectious & Rare Diseases)
- Delivery Systems & Nanotechnology
- AI & Bioinformatics in RNA Design
- Translational Research

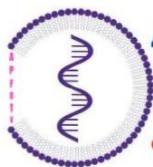

Day 2 – Integration & Impact (26th September)

Theme: Innovation, Policy & Population Health

- Next-Generation & Complementary Vaccine Platforms
- Manufacturing & Scale-Up
- Public Health, Policy & Vaccine Equity
- One Health & Zoonotic Diseases
- Academia–Industry–Policy Collaboration

From Viral RNA to DIAGNOSIS:

Hands-on RT-LAMP Workshop

for Measles and Rubella Virus Detection

An intensive hands-on workshop providing practical training in Reverse Transcription Loop-Mediated Isothermal Amplification (RT-LAMP) for the detection of Measles and Rubella viruses.

COMPLETE DIAGNOSTIC WORKFLOW

KEY LEARNING OUTCOMES

- ✓ Principles of RT-LAMP technology and its applications in viral diagnostics
- ✓ Designing of RT-LAMP primers
- ✓ RT-LAMP assay design and workflow
- ✓ Detection and interpretation of amplification results
- ✓ Quality assurance and troubleshooting in molecular testing
- ✓ Applications of RT-LAMP in outbreak surveillance and public health laboratories

IDEAL FOR

KEY HIGHLIGHTS

- Hands-on Viral RNA Extraction
- RT-LAMP Assay Setup and Optimization
- Measles and Rubella Virus Detection Workflow
- Rapid Molecular Diagnostics Techniques
- Result Interpretation and Quality Control
- Troubleshooting of RT-LAMP Assays
- Laboratory Biosafety and Good Laboratory Practices
- Applications in Disease Surveillance and Outbreak Response
- Training on Low-Cost, Point-of-Care Diagnostic Platforms
- Expert-Led Practical Sessions
- Interactive Case Discussions
- Certificate of Participation

ENHANCE YOUR SKILLS

in rapid molecular diagnostics and contribute to better public health outcomes!

ORGANIZED BY: ONE HEALTH INDIA ORGANIZATION (OHIO) & SOUTH ASIAN UNIVERSITY, NEW DELHI

Top 12-15 abstracts will be selected for Oral Presentation.

Remaining shortlisted abstracts will be presented as Posters.

Awards (Poster & Oral):

1st Prize

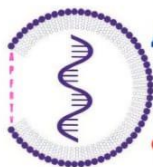

2nd Prize

3rd Prize

Open to researchers, students, clinicians, startups and professionals.

Abstract Submission Topics are:

- RNA Vaccines (mRNA, saRNA, circular RNA)**
- RNA Therapeutics (siRNA, miRNA, ASO, mRNA)**
- Delivery Systems & Nanotechnology**
- Translational Research & Clinical Development**
- Next-Generation & Complementary Vaccine Platforms**
- AI, Bioinformatics & Computational Biology**
- Manufacturing, Scale-Up & Quality Control**
- Public Health, Policy & Vaccine Equity**
- One Health & Zoonotic Diseases**
- Startup Innovation & Translational Research**
- Biobanking, Sample Storage & Cold Chain Logistics (Biospecimen collection, processing, cryopreservation, RNA stability, vaccine storage, quality assurance, regulatory frameworks)**
- Open Category: Emerging areas in RNA science and vaccines**

Abstract Submission Deadline: 30 July 2026

APFRTV TRAVEL GRANTS

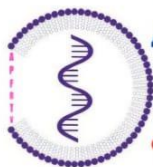

To be eligible for a travel grant, the applicant must be a member of APFRTV and the first author of an abstract submitted to APFRTV 2026.

- Students/Young investigator/ Researchers are eligible.**
- Conference registration is compulsory at the time of application.**
- Deadline – August 15th, 2026.**

The winner of APFRTV Travel Grant will receive 3rd AC to & fro train ticket from the distance they will be travelling and also reimbursement of conference registration fee.

To submit your application, [Click Here](#)

***Please note that the Travel Grants may not cover all travel costs. Travel grant awardees need to arrange their accommodation. The Travel Grants will be issued to successful applicant after the conference.**

CANCER AWARENESS MARATHON

Join for a community awareness marathon to promote early detection, healthy lifestyle & collective action against cancer

Date: 26 September 2026 @ 7:00 AM

Venue: South Asian University, New Delhi

Jointly organized by:

BBIF Cancer Care Foundation (BBIFCC), New Delhi

&

South Asian University, New Delhi

Join us in fight against cancer! Raise awareness, show support & make a difference!

Why Join?

- ☒ Support the cause of cancer awareness
- ☒ Encourage early detection and prevention
- ☒ Show solidarity with cancer warriors and survivors
- ☒ Promote fitness and a healthy lifestyle

Registration Details: ☒ Free Registration (Open for all)

 T-Shirts for Paid Donors (Support the cause and receive an exclusive event T-shirt)

How Can You Support?  Make a Donation – Your contributions will help cancer patients and fund awareness programs.

 Get a T-Shirt – Donate and receive a special event T-shirt as a token of appreciation.

 Spread the Word – Share the event on social media and invite friends & family!

Event Highlights:

-  Participation Certificates for All
-  Special Address by Cancer Survivors
-  Photo Booth & Media Coverage
- ☐ Refreshments for Participants
